

## A WOMAN'S RIGHT – TO BE SAFE AND TREATED EQUALLY

Our mission is to create one community for all women who have been abused physically, emotionally, sexually and professionally in the home, office or by publicly trusted professionals and service providers; and provide a central hub of resources that provide guidance and direction to all women who have suffered abuse. We will actively seek to create alliances with all organizations that fight for women's rights and women's safety and protection.

To that end, we have a team of four lawyers leading our mission. They are experienced in fighting for women who have been physically, mentally and emotionally abused, sexually assaulted or raped, victims of sexual discrimination at work, or suffered from a devastating illness due to poor medical care or prescription medications.

In our six years of existence, Brent Coon & Associates has built a national organization of men and women, in the legal and non-legal professions, who not only welcome the good fight, but are willing to start the good fight to end the injustices perpetuated by those who take advantage of their positions of power and greed for self-satisfying perversions or unjust domination of women.

Our efforts in fighting the just cause have been recognized by both the national and international media, as well as our peers. Our alliances include both the well known and those lesser known who share our goal of absolute justice for all citizens of the world. We are proud of our international reputation of standing shoulder to shoulder with those who are too frightened, confused and/or too small to fight alone. We will use all of the firm's resources, legal, marketing and public relations talent to stand up and fight for those who cannot fight alone. ### **About Brent Coon & Associates**

Brent Coon & Associates was founded in 2001. Today, with 20 offices around the country, it is one of the largest trial law firms in the nation and the epitome of the 21<sup>st</sup> century law practice. Brent Coon & Associates employs over 60 aggressive litigators, with solid experience in individual and complex multi-party, occupational/environmental, health and personal injury cases. The majority of the firm's cases are referred from attorneys who have confidence in the firm's integrity, expertise and solid work ethic. For more information, visit [www.bcoonlaw.com](http://www.bcoonlaw.com). The firm serves as lead counsel to numerous legal matters, including the BP Texas City Explosion. For his efforts, Brent Coon received the Steven J. Sharp Award (national trial lawyer of the year) from the American Association of Justice, the Clarence Darrow Award, and the USMFW Humanitarian Award and was named one of Texas' Super Lawyers for 2007.
